

Quarterly Financial Report
on amounts received by the URCRM
within frameworks of JCCRER Projects 1.1 and 1.2

JCCRER Project Title:

Project 1.1: Dose Reconstruction for the Population Exposed to Radiation

Project 1.2: Risk Estimation for the Deterministic and Stochastic Exposure Effects and the Results of Actual Observations of the Population Health in the Region of the Mayak Industrial Association

Institution: Urals Research Center for Radiation Medicine (URCRM)

Director: Alexander V. Akleyev, MD

Address: Medgorodok, Chelyabinsk 454076, Russia

Phone: (3512) 344-762; Fax: (3512) 344-321

Name of Contact Person: Vladimir P. Gritsenko, Deputy Director;
Phone (3512) 608-973

Amount received according to payment order # 030002: US\$ 75000

Reporting Items

Expenditure Items	Date	Amount (US\$)
Commission charged by the bank:		5.0
Commission charged by the Chelyabinvestbank for currency exchange (\$ for roubles)	13.10.95	337
A. Equipment Purchased		
1. Computer 486DX4	10.11.95	1467
2. Computers: 486DX4, 486DX2, Pentium Printers: HP5L, HP660C(color), CD-ROM, Copiers: NP 1215 and Canon NP 1010	22.11.95	12377

3. Computers Pentium-133 (2)	16.11.95	10638
Monitor 5M176LSI (2)		
Subtotal		24482

B. Supplies Purchased

1. Cartridge	09.11.95	100
2. Consumable materials for computers and copiers	22.11.95	288
Subtotal		388

C. Travel Costs

Names of Travellers	Destination	Dates	Amounts (US\$)
1. Vorobyova, Burmistrov, Stukalov, Khokhryakov	USA	07.09-04.10 95	5556
2. Romanyukha	USA	01.12-17.12.95	1333
3. Startsev	USA	09.12-25.12.95	3556
4. Amount assigned but not yet spent on travel			4555
Subtotal			15000

D. Institutional Support

D.1. Project Personnel Costs

1. Amount received by research staff participating in the Projects	4890
2. Payroll Taxes	3865
Subtotal	8755

D.2. Other Support Costs

Indirect Costs of the Institute	26033
---------------------------------	-------

TOTAL	75000
-------	-------

Alexander V. Aleyev, MD
Director, URCRM

03.01.1996

Travel Justification

I. Travel of Drs. Burmistrov, Vorobyova, Stukalov, Khokhryakov, URCRM, to the USA was effected in accordance with the decision of the Second Workshop "Studies of Radiation Effects on Populations in Urals and Other Regions", 11-13.07.1995, St. Petersburg:

It is planned to accomplish this task (Milestone 1.1(1)) during a visit of four scientists (two from Mayak Complex and two from the URCRM to Richmond, Washington, and Washington, DC. The dates planned for this visit are 9-30 September 1995. (Final Report, p. 1)

II. The decision about Dr. N. Startsev's visit to the USA was made as a result of discussions held between the participants of Project 1.2 from URCRM, Chelyabinsk, and Drs. D. Cragle, Center for Epidemiologic Research, Oak Ridge, and D. Hoffman, George Washington University, during their visit to the URCRM, Chelyabinsk in July, 1995. (Memorandum on the Chelyabinsk Meeting, July, 1995).
